

CHICKEN WINGS • FULLY COOKED

LA NOVA[®]

WINGS

Joey Todaro III introduced heat and serve chicken wings to pizzerias across the world when Joey and his family created La Nova Wings, Inc. in 1994. Being from Buffalo, 99% of pizzerias carried chicken wings, so Joey developed his unique niche nationally when La Nova exhibited at the International Pizza Expo in 1994 without any distribution. The reaction was outstanding and the foodservice industry gained its newest menu items, La Nova Wings!
